LOCAL NEWS

THE WEATHER.

Toronto, Aug. 5.—Maritime: Moderate to fresh northerly to westerly winds, fair and moderately warm today and on Wednesday.

Boy Scouts Off to Camp.

The Boy Scouts, numbering about twenty-five, under the direction of Rev. W. T. Haig, left this morning on the early train for Fredericton Junction, to go into camp for a week.

Auto Party.

Mr. and Mrs. Chas. Fogg, of Houlton, and Miss Hersey, of Bowton, arrived here yesterday afternoon by auto, from a tour through Nova Scotia. They left for home today. While here the party was at the Barker House.

York Copnty Couple Wed.

The marriage of Mr. Philip B. Grant, of Hartford, and Miss Beatrice Carey, of Grand View, took place last week, at the Methodist Parsonage, Woodstock, Rev. Wm. Penna performing the ceremony.

City's Exhibition Grant.

The city's checks for payments of $500 each will be issued on the 22nd and 29th of August in favor of the Fredericton 1913 Exhibition to meet advertising accounts in connection with the Fair.

Yachting Party Here.

Messrs. R. C. Bonnell, E. H. Bonnell, K. F. Bonnell and Harry McFarlane, of St. John, and Robert Dale, of Glasgow, Scotland, are here, having made the trip from St. John in the yacht Armorel. They arrived yesterday afternoon and are at the Barker House.

Thursday's Water Sports.

A ladies' swimming race has been arranged as one of the features of the water sports to be conducted by the Automobile and Boat Club on Thursday afternoon. A full list of entries and officials will be published in The Gleaner tomorrow.

Royal Arcanum Convention.

Messrs. J. D. McKay and Joseph Walker left this morning for Truro, N. S., to attend the Grand Council of the Royal Arcanum for the Maritime Provinces as representatives of the local council.

Umpires Are Scarce.

President Hooper is in receipt of a letter from Secretary Donald, of the N. B. and Maine League, stating that Umpire LaBelle, who was released last week, will be taken on the staff again. The resignation of John Rudderham makes it possible for LaBelle to again act, and Secretary Donald states there is no other umpire available at present.

In the Factory Zone.

At a meeting of the City Council last evening Mayor Hooper read a letter from Gregory & Winslow regarding the new street which is being opened in Fredericton. The street will run through the Campbell property in the rear of the Hartt Boot and Shoe Company's factory, being the next street back of Victoria street. On recommendation of Mr. Winslow the street was named Dundonald.

A Canoe Trip.

Mr. James M. Lemont and Mr. Frank Harrison, musical instructor and organist, left this morning for Woodstock, where they will meet Mr. Wilmot Lemont, now of Chicago, and form a canoeing party, with Frank Noel as guide. They will tour down the St. John river to this city, taking in the interesting tributaries of the river so far as navigable en route. The party expect to return home in about a week.

Wedding Tomorrow.

The wedding of Miss Kathleen Hatt, daughter of Mrs. David Hatt, and Mr. W. A. VanaWart, son of exand Mr. W. A. VanWart, son of ex- take place tomorrow morning at 8.30 o'clock at the residence of Miss Hatt's sister, Mrs. Harold Babbitt, University avenue. Rev. Neil McLauchlan will perform the ceremony. Mr. VanWart and his bride will reside on George street after their honeymoon.

Proposal to Light City Hall.

At last evening's meeting of the City Council in committee Ald. Farrell submitted a proposition for lighting the City Hall with electricity to be generated by the city. He said the Victoria Hospital trustees had for sale a dynamo which had been used at the hospital, and if the city would purchase it they could use it to generate electricity to light the City Hall. The question was discussed by several aldermen, but the matter was referred to the light committee.

Won't Pay Chief's Expenses.

During the meeting of the City Council in committee last evening, Mayor Hooper informed the aldermen that the Police Commission had received a report from Chief McCollom regarding his recent trip to the chief constables' convention at Halifax. The commission passed a resolution, recommending that Chief McCollom be given a grant of $25 to defray the expenses for his trip. Ald. Farrell moved that the grant be given, seconded by Ald. Weddall, but the motion was lost, only the mover and seconder voting for the motion.

Steamboat Service for Jemseg.

The steamer Hampstead commenced today on an extended route which promises to bring a new district in closer touch with Fredericton and thus bring business to this city which has heretofore gone elsewhere. The Hampstead started its trips today from Lower Jemseg, instead of Gagetown, and was thus about an hour later than usual in arriving here, but brought a large number of passengers from the Jemseg district. It is proposed to make the Jemseg trip on Tuesdays and Fridays during the balance of the season, thus serving the additional territory as well as the Gagetown service.

CITY IMPOSING $100 TAX ON POST OFFICE BUILDERS

Falconer & McDonald Called Upon to Pay a Tax Upon Their Contract.

FIRST TIME THE TAX HAS BEEN COLLECTED

And City Officials are Now in a Quandary as to Another Job.

The City of Fredericton has imposed a tax of $100 on Falconer & MacDonald, the contractors who are erecting the new Post Office in this city, and Superintendent Fraser has appealed to Mayor Hooper, declaring that it is the first time the firm have been called upon to pay a local tax for engaging in the erecting of Government public works in any of the three Maritime Provinces.

Mayor Hooper brought the matter to the attention of the City Council last evening and, notwithstanding the fact that it was pointed out that never so far as known had a tax been imposed upon contractors engaged in public works here before, no action was taken to stop the collection of the $100 from Messrs. Falconer & MacDonald. Ald. Farrell alone speaking in favor of the city being content to collect the license fees or taxes from the men employed on the work.

"The city should welcome a public work causing such an expenditure of public money and the providing of so much work in the city," declared Ald. Farrell but Ald. Mitchell argued that local contractors must be protected, and Ald. Clark said that $100 was a small amount on a $150,000 job. The city is also charging the contractors at regular rates for water used on the work.

It is understood that it has been put up to the Finance Committee of the City Council that if Falconer & MacDonald are to be taxed, others must be similarly treated. This brings up the case of the work now being carried on at the Highway Bridge by Foundations Limited, of Montreal. The work is not being done under contract, but on a percentage commission on the material and labor and the city authorities are in a quandary as to what to do about collecting the tax as it cannot be legally imposed on the Crown and the Company are not operating under the usual contract.

BUY A PROPERTY TO EXTEND STREET

Lot Purchased from George W. Babbitt for $1,400 to Extend Saunders St.

The city has bought a lot of land 66 feet wide and 270 feet in length extending from the I. C. R. tracks to University avenue, from Mr. Geo. W. Babbitt, manager of the Bank of Nova Scotia at St. Andrews and a former Fredericton man, for the purpose of extending Saunders street. The price paid is to be $1,400 and the purchase will probably be concluded at an early date.

It may be some time, however, before the extension of Saunders street can be carried on, however, because a letter from Mr. F. P. Brady, general superintendent of the I. C. R. which was read last evening, said that the lay out of the Intercolonial's facilities in this city had not yet been determined.

THE PINK LADY

A Phenomenal Attraction Coming to City Opera House Saturday, August 9th.

Theatregoers certainly have a treat ahead of them, and one that has been looked forward to with much interest, for Messrs. Fisher and Stevens will present The Pink Lady, that most delightful of musical comedies, which has been the most-talked-of success of the past and present seasons in London and New York, at the City Opera House, Saturday night, Aug. 9th.

The Pink Lady, more so than any other play of its sort, is happy both in its books and music. The music is exceptionally fascinating, and such numbers as Beautiful Lady, The Girl by the Saskatchewan, The Kiss Waltz, Donny Did, Donny Didn't, and Hide and Seek, linger long in the memory.

A splendid cast will be seen here with Olga DeBaugh, Elsa von Bostel, Louise Kay, James McElhern, Georgie Harvey, John Mundy, Russell Lennon, Alfred Derry, Alice Moffatt, Lucie Carier, Chas. J. Hines, Lee Townsend, Abbott Adams, Jack Hall, Mortimer Meyer, and in fact many of the New York and London favorites. Seats on sale tomorrow at Ryan's drug store.

At the Gaiety.

The wild animal production shown at the Gaiety last evening, "King of the Forest," in two parts, by Selig, was a decided feature and held the closest attention from the large audiences present. The entire programme was of high class character, especially the Essanay comedy, "The Value of Mother-in-Laws," setting forth for the first time the mother-in-law as a genuine peace maker. Tomorrow, another big feature offering, "The Governor's Double," will be shown.

Home From Auto Trip.

Mr. and Mrs. A. A. Shute and Dr. and Mrs. W. J. Weaver have returned home this week from an auto tour through the southern section of the province.

THE ALDERMEN SEE PRELIMINARY PLANS FOR FIRE STATION

Expert to Call for Tenders for Three-Story Building to Cost $12,000.

A NEW PROPOSITION FOR POLICE STATION

Suggestion That It Should be Erected on Limerick Lot on King Street.

The preliminary plans for a three storey brick building to be a central fire station have been prepared for the Fire Committee of the City Council, and at this evening's meeting, Ald. Hoben, chairman of the department, will ask the council to pass a resolution empowering the committee to proceed with the preparation of plans and the calling for tenders for construction.

The sketches of the proposed building, which were presented to the City Council in committee last evening, have been prepared by Mr. Kenneth M. Campbell, who has been engaged as an architect in Montreal and who is now at his home in Springhill. He is a son of Mr. James Campbell, of Springhill, a graduate of McGill University, and is said to be considering locating in Fredericton.

The Preliminary Sketches.

The preliminary sketches call for a building that will cost, it is estimated, about $12,000. The structure will be the width of the site of the present central hose station and will be 110 feet long, the city's lot being 165 feet deep. The ground corn provides room for a 65 foot ladder truck, a hose truck, a combination motor truck and chief's wagon, while on the upper floors there will be provisions for a large recreation room, headquarters for the electric fire alarm system and apartments to be occupied by the two drivers and their families.

Ald. Hoben expects that the necessary authority will be given the committee to make arrangements for having the construction work proceed with as little delay as possible so that the building can be erected this season. "The present central station is an absolute disgrace to the city of Fredericton, and if we don't tear it down it will tumble down pretty soon," said Ald. Hoben. "All we need for the present at least is one good central fire station. If sub-stations are needed later, they can be built as required."

The Police Station Question.

A proposition has been made to use the so-called Limerick lot on King street, which was purchased as a fire station site, for the erection of a new police station. Ald. Farrell brought the matter before the council last evening when the resolution from the Board of Health was submitted urging the council to provide a new police station and lockup on account of the unsanitary condition of the cells in the present police station in the basement of City Hall. Mayor Hooper, the chairman of the Police Commission, thought some arrangement could be made so as to have the new fire station and police station, too, on the property now occupied by the central fire station on King street. The aldermen finally decided to have the city clerk advise the Board of Health that the council has the erection of a new police building under consideration.

SISTER CLARICE RESUMES DUTIES AT REGENT ST. SCHOOL

Appointed to Succeed Sister Redemptore, Who Goes to St. John.

SPECIAL MEETING OF THE SCHOOL BOARD

Three Names Added to List of Probationary Students at High School.

The School Board at a special meeting last evening went into consideration of the returns presented by Principal Foster of the recent High School Entrance examinations.

The matter had been referred by the board for investigation to a committee on behalf of whom Mr. A. A. Sterling was spokesman, and he reported that they deemed it expedient to add the names of three candidates to those recommended by the Principal for admission to Division III. (probational), those three having the required average of 500 marks and over, but each having failed upon a particular subject. In pursuance of the committee's recommendation the Trustees decided therefore to so admit Doris Booth, Ina Tribideau and Mary Johnson.

New Teacher Appointed.

The board in view of Dr. Foster's recommendation of the appointment of an additional teacher and the opening of a new class-room at the High School resolved to invite the Principal to be present for a conference upon the subject at their next regular meeting at the end of the month. There is no room in the York street building available for such purpose.

Miss Ellen McLaughlan (Sister Redemptore), teacher of Grades V. and VI. at St. Dunstan's school, who is moving to St. John, presented her resignation from that department and
